Welcome all to the 2025 Bundy Cycling Spectacular

On behalf of the Bundaberg Cycling Club, I extend a warm welcome to all competitors, sponsors, visitors, and spectators. Thank you for supporting our regional carnival, which we hope will be an exciting few days of racing—highlighting the skill of our riders and celebrating the promise of our juniors, who represent the future of this sport.

We are grateful to our sponsors, whose generous contributions have been vital to the success of this event. To the many volunteers who have given their time and energy in preparation and throughout these two days of spectacular racing, your efforts are invaluable and greatly appreciated.

A special thank you also goes to the Commissaires and officials, whose dedication ensures fair, safe, and well-run competition.

Finally, to the riders: we wish you success on the track, safe racing, spirited competition, and above all, an unforgettable cycling experience that you will cherish for years to come—for all the right reasons.

Kate Davis

Bundaberg Cycling Club

Competitor and attendee code of conduct:

Please be aware that all competitors are representing the sport, the clubs they represent, their families as well as themselves. Any disrespectful behaviour to competitors or others is unacceptable. If you're unsure of these be sure to review the codes of conduct through the link provided that by default you are required to follow at all times. This applies to everybody at the event as well as comments that might be made on different social media platforms.

As a club we want everyone to feel safe in our club and nobody at all should be subject to intimidation or abuse and something we take very seriously.

Number positioning

Please be aware of number positions to assist commissaires when determining placings. Your little bit of diligence in readiness helps to keep things running smoothly.

Please note –

Handicapping is being reviewed during the carnival, we appreciate your co-operation in this process.

Different Race Style Information:

Keirin -

The Keirin is a massed start sprint event of 6 or 8 laps in length. During the first 3 1/2 to 5 1/2 laps the riders are paced by a “pacer” or motorcycle. The speed starts slowly at 20 kph and gradually accelerates to 40 kph before the “pacer” pulls off the track, leaving the riders to sprint for the finish. Riders often qualify for a final through preliminary heats.

Handicaps -

A track handicap event is one in which the strongest riders are given the greatest distance to travel in accordance with past performances with the aim of equalising the competition between all riders. Handicap events are typically held over 1000m – 2000m. Riders must start at the mark given to them by the Handicapper.

Handicaps will be confirmed on the day, we reserve the right to make adjustments to grading and handicaps as required.

Elimination-Scratch -

The Elimination-Scratch starts off with a neutral lap and then on the next lap elimination commences for a select number of laps and then 3 lap scratch.

Unknown Distance -

This event is a scratch race with the distance not advertised prior to the start. The race may have intermediate Sprints, or a Points score system. The whistle shall be blown with one lap to go.

Points Score -

Riders cover a specific distance (4km - 40 km) and set number of sprint laps. The rider who accumulates the most points, wins the race. Points are awarded on nominated Sprint Laps, signalled by a bell or whistle. The first four finishers in these sprints are awarded 5, 3, 2 and 1 points respectively. If a rider laps the field, he or she is awarded 20 points. Any rider that loses a lap on the field has 20 points deducted from his/ her total.

Reverse Win and Out –

Race starts with 1 lead in lap. When the bell is rung, the first rider across the line takes 3rd place and immediately exits the track. The first place rider in the next lap takes 2nd and immediately exits the track. The first place rider in the next lap takes 1st place. A bit of a gamble to wait for the win and not get it.

Aussie Crawl –

Riders start on the back stretch of the velodrome and roll off once the race is on. They must not cross the start line until and unknown timed bell is rung, indicating 1 lap sprint. During the time prior to the bell, riders may not roll backwards, not touch another rider, not touch the rail, stay on the track surface, not put a foot down on the track surface.

Human Moto –

Junior riders are partnered with a senior rider, riders start on the fence back from the start line in pairs, whistle blows to signal start of race. Senior rider leads the junior around the track much like a keirin. Race is won when the junior rider crosses the line. Key to the race is for both riders to be communicating.

Madison –

Put simply, the Madison is a track cycling event where two teammates take turns riding and resting, with one rider actively racing while the other waits in the wings, aiming to accumulate the most points by winning intermediate sprints throughout the race. Cyclists flying around the track – some racing, others hanging back – and teammates hand-slinging each other forward and tagging in and out, the spectacle can look chaotic to the uninitiated! Gear restrictions - 96

Team Sprint –

Two teams race against each other, starting on opposite sides of the track. At the end of the first lap the leading rider in each team pulls up the banking leaving the second rider to lead the next lap, at the end of the second lap, the second rider does the same, leaving the last rider to finish the race.

Reverse Roulette –

The placings for this race are drawn prior to race start and kept secret until the race is finished. The riders will race in the opposite direction of what is normal, once all riders are finished the placings will be announced, you could finish last and win the race – no one knows.

Family Relay –

Pairing up riders (parent / child) riders will determine who will start and who will finish the race prior to start. Starting riders start on the finish straight and finishing riders will start on the back straight. Riders on the start commence the race and once they've completed 1 lap the finishing riders commence rolling around the top. The race is 10 laps and the 2 riders must swap once only during the race to bring the finishing rider in. The swap must be done like a Madison change – rider coming in swaps on the outside of the rider going out. Once swapped the starting rider will roll around the top of the track. Key to this race will be when to make the change – do you each race 5 laps or will you be more tactical.

THANK YOU

On behalf of the Bundaberg Cycling Club, we want to wrap things up by giving a huge cheer to the real stars of this event — the riders and their families. Without you, there's no carnival, no atmosphere, and definitely no lycra parade around Bundy!

To the cyclists: you've pedalled, sprinted, sweated, and probably questioned your life choices halfway through a race — but you've put on an incredible show. Whether you're elite riders chasing glory or juniors just starting your journey, you've reminded us why this sport is so special. We hope you leave Bundaberg with sore legs, big smiles, and stories you'll be telling for years.

To the families and friends: you're the secret weapon behind every rider. You've packed cars, shouted encouragement, rung cowbells, and probably handed out more bananas than a fruit shop. You bring the energy, the noise, and the love that makes cycling more than just a sport — you make it a community.

And to everyone who came along to cheer, clap, and yell "Go faster!" — thank you for being the heartbeat of this carnival. You're the atmosphere, the vibe, the reason riders push that little bit harder.

So here's to the cyclists, their families, and the fans — you're what makes the Bundaberg Cycling Spectacular truly spectacular. Safe travels home, and may your playlists, snacks, and coffee supplies get you through the long drives ahead!

Pedal on,

Kate Davis
