- a) Riders may be upgraded automatically (except junior riders) or be eligible to upgrade if their lap times would place them in the top half of a higher category if racing in the same or similar conditions (min. 10 riders required in higher grade). The final decision will be made at the discretion of the handicapper.
- b) Riders may request a downgrade if their lap times (mechanical mishaps excluded) would regularly place them in the bottom half of a lower grade (minimum 10 riders required).
- c) A rider that is upgraded (downgraded) during the season will retain half of the Series points to the next ability category.

CALL UP

Call-ups for Round 1 will be based on:

- Top 20* in the final 2024 Victorian CX Series Standings
- Upgraded riders will be called up after the top 20
- Time of entry

Subsequent round call-ups will be done based on:

- Current Top 20* on series points
- Groupings of up to ten (10) series points
- Time of entry

*The 20 highest Series ranked riders will be called up. (e.g. someone ranked outside of the top 20 in the series may be called up if riders ranked in the top 20 do not enter).

All riders will be numbered in call-up order (late entries will be called up last). The top 20 riders will be individual call-ups. Afterward riders will be called up in groups by series points followed by the time of entry.

Call-ups will not be changed between rounds on a double-header weekend.

Please Note: Elite riders in Women's and Men's A grade who haven't raced in previous rounds may be seeded and called up at the discretion of AusCycling independently from series points for safety reasons.

Riders need to be ready for call-ups at least 10min before their start time. Riders who turn up late will lose their call-up position.
