WELCOME MESSAGE FROM THE HON ROGER COOK MLA; PREMIER AND HON REECE WHITBY MLA; MINISTER FOR TOURISM

2026 Westbridge Funds Road National Championships 7-11 January 2026

On behalf of the Western Australian Government, we are proud to welcome cyclists, officials and supporters to Perth for the 2026 Westbridge Funds Road National Championships.

After a hugely successful event in 2025, which attracted approximately 50,000 passionate spectators, we are delighted to host this premier cycling event in Perth for a second consecutive year and welcome even more cycling fans to WA. Perth's city and surrounds will provide competitors with a spectacular backdrop over five days of racing as they tackle challenging courses.

Securing major sporting events like the Road National Championships form a vital part of WA's events strategy, drawing visitors from interstate and overseas, generating valuable tourism dollars for local businesses, and inspiring the next generation of cyclists.

While in Perth, we encourage visitors to enjoy our world-class dining and entertainment scene, explore popular destinations such as Fremantle, the Swan Valley and Elizabeth Quay, or relax on one of our 19 metropolitan beaches only a stone's throw from the CBD.

We also invite visitors to stay longer and experience our unique regional areas including the towering forests and world-class wineries in our South West and Great Southern, the ancient wilderness areas in our North, and fascinating history and heritage to be discovered in the Goldfields.

We wish you all an exciting and memorable 2026 Westbridge Funds Road National Championships, and a wonderful stay in Western Australia.

MESSAGE FROM AUSCYCLING CEO MARNE FECHNER

AusCycling respectfully acknowledges the Traditional Custodians of the land on which the 2026 Westbridge Funds Road National Championships will be held, the Whadjuk people of the Noongar Nation, and recognises their continuing connection to land and waterways.

On behalf of AusCycling, I extend a warm welcome to all athletes, officials, volunteers, staff, families, friends, and supporters from across Australia.

We are thrilled to return to Perth again after a tremendously successful event in 2025, that showcased the city's beauty, energy, and passion for cycling on the national stage.

This year marks the beginning of a great new partnership with Westbridge Funds, naming rights partner of the 2026 Championships. AusCycling is extremely grateful for their support and commitment to the growth of our sport.

Sincere thanks also to the Western Australian Government through Tourism Western Australia, the City of Perth, and the Department of Local Government, Sport and Cultural Industries for their invaluable support. We further acknowledge our partners ARA, GWM, Shimano, and event partners Pedal Mafia, Steadyrack, and Hahn, along with the Botanic Gardens and Parks Authority for access to Kings Park.

To our government and performance partners — the Australian Sports Commission, AIS, Paralympics Australia, Commonwealth Games Australia, and the Australian Olympic Committee — thank you for your ongoing commitment to cycling's success.

Finally, my heartfelt thanks to the AusCycling team, commissaires, local clubs, supporters, and volunteers who bring this event to life.

To all competitors, we wish you strong tailwinds, safe riding and fantastic results! Enjoy the ride.

Warm regards,

Marne Fechner

MEDICAL/ANTI-DOPING

SPORT INTEGRITY AUSTRALIA

Anti-Doping Testing will be conducted at this event. SIA will have chaperones to find and escort riders, however it is the responsibility of the rider to ensure they are not required for testing prior to their departure post-race. Riders must make themselves available to Sport Integrity Australia if requested.

Anti-Doping facilities will be located at the following locations for each event: (see Locator Maps)

- Time Trial: HBF Stadium
- criterium: Pride WA office
- Road Race: Kings Park Education Bldg

Please see an event official or staff member for assistance on accessing these locations.

THERAPEUTIC USE EXEMPTION (TUE)

A TUE is an exemption that allows an athlete to use, for therapeutic purposes only, an otherwise prohibited substance or method (of administering a substance).

TUE approval may protect athletes from receiving a sanction if a prohibited substance is found in their sample.

Who needs to complete a TUE in-advance for Cycling? Athletes who are:

- Competing in the Elite and U23 categories
- A member of the Registered Testing Pool, National Testing Pool or Domestic Testing Pool
- A member of a national open team/squad including athletes with a disability planning to compete at the Elite National Championships

If you are currently taking any medication, please check whether this substance is banned in or out of competition via www.globaldro.com/AU/search

Further information on the TUE process can be found on the [Sport Integrity Australia \(SIA\) website](#).

SPORT INTEGRITY AUSTRALIA APP

Any athlete and official can download the SIA app. The SIA App has been designed with athletes in mind. The App gives a complete list of all supplements sold in Australia that have been screened for prohibited substances by an independent laboratory. The testing and certification of sports supplements cannot provide athletes a 100% safety guarantee but does significantly lower the risk of a positive test. For non-tested supplements the App gives athletes access to a quiz to assess the risk posed by highlighting key risk factors.

The App can also be used to report doping and check if a medication is banned.

ANTI DOPING IS YOUR RESPONSIBILITY

Medications may have banned substances in them. Check all medications on the Sport Integrity app.

All athletes are responsible for what substances they put into their own bodies - they can't blame anyone else, however if a coach has supplied the substance, penalties also apply to the coach.

Supplements are a huge risks. Research shows 1 in 5 contain a banned substance not listed on the label. Find low risk supplements on the Sport Integrity app. If it's not listed, don't risk it.

As a member of your sport, you are bound by an Anti-Doping Policy and potentially subject to investigation.

There are rules that you and your athletes must follow under your sport's Anti-Doping Policy. Details are in the Sport Integrity app menu under 'Know the rules'.

Anti-doping education should not be a 'tick the box' exercise - it should be an ongoing conversation with your athletes.

If you are involved in a team sport, and an athlete tests positive to a banned substance, the team could lose competition points and championship placings.

Breaking the rules could result in a ban of up to four years from ALL sport - no training, no playing, no coaching.

Learn more about the sample collection process via our Virtual Reality anti-doping test experience. Found in the menu of the Sport Integrity app under 'Tools'.

START/FINISH LOCATOR MAP

START / STAGING NOTES

- Rider Staging and Sign-On will be on the corner of Fraser Ave and Kings Park Rd next to convoy line-up (see Locator map) for all races (except for Para-Cycling).
- Riders will be released from here to roll to Start / Finish line once previous race has finished.
- Team cars and other convoy resources will be lined up and held at the corner of Fraser Ave and Kings Park Rd. They will not be allowed on course until directed to pull forward to Start / Finish by race staff.
- Rider call ups may occur in some categories. If call ups are planned, riders will be stopped 50m from the line behind a staging rope. Select riders will be announced and allowed to roll to the Start line. The field will be released after all call ups are complete.

ROAD RACE NOTES

- Riders deemed out of contention will be pulled at the Start / Finish or by a commissaire on the road. If pulled, riders must remove themselves from the race at the nearest safe location. Pulled riders will receive a finish placing on the results.
- Rider should note the following sector of the course that require special attention:
 - Left Turn onto Mounts Bay Rd. at 8.1km is a fast downhill into a 90 degree left
 - Along Birdiya Dr at 10.8km the course narrows to one lane for approx. 100m
- Team vehicles must be kept at reasonable speeds at all times. Any cars being driven recklessly will be removed from the convoy by race staff or the police. Use extra caution in the Feed Zone and areas with large numbers of spectators.
- Please use caution on deviation as you will exit the race course into an area potentially dense with spectators.

FEED ZONE - DIRECTIONS AND RULES

- From Team Parking or the West Perth neighbourhood- Take Murray St. east toward the CBD.
- After the freeway underpass take an immediate Right onto Elder St. and proceed two blocks to St. Georges Terrace.
- Race staff will be checking team staff and team vehicles in the feedzone on Elder St.
- Vehicle and team staff need to have the correct feedzone sticker to be allowed feeding during the race. Each race has a specific colour and only that colour sticker is allowed in the feed zone during that race.
- Once finished feeding, team vehicles MUST leave the Feed Zone via Milligan St. An immediate Left onto Hay St. will return you to West Perth and the Team Parking area.
- Unlike previous additions of this event, the Feed Zone is small and for designated support staff only.
- Teams are not to set up any infrastructure or team “compounds” on the street, sidewalk, or adjacent properties.
- Commissaires and race staff will be organising the Feed Zone. Please follow their instructions for parking and procedures. They will be removing those that do not have the vehicle sticker for the current race.
- Feeding happens from the right hand side of the road!
