Discipline Specific Selection Criterion 2027

UCI BMX Racing World Championships 26-27

August 2027, Haute Savoie, FRA

Elite Men and Women | U23 Men and Women

Before submitting an expression of interest, Athletes must read the [AusCycling Selection Policy for UCI World Championships-Olympic and Paralympic Sports \(the Policy\)](#) which details the selection process, objectives, eligibility and general selection criteria.

1. Elite and U23 athletes will be required to earn 2027 UCI BMX Racing World Championships Team (WCT) selection in accordance with the requirements set out in *the Policy*, and this discipline specific document of the AusCycling selection criteria.

2. ELITE AND U23 OBJECTIVES

See clause 1 of *the Policy*.

3. PERFORMANCE TIME PERIOD

18 July 2026 - 13 June 2027 (inclusive)

4. EXPRESSION OF INTEREST

To be eligible for nomination to the WCT, athletes **MUST** submit an expression of interest by the closing date listed at clause 7 of this document. The expression of interest form will be located at <https://auscycling.org.au/athlete-selection-policies/u23-elite-selection-policies> from the published open date.

5. SELECTION EVENTS AND PERFORMANCE STANDARDS

All selections are subject to *the Policy*. When making selection decisions, the Panel will consider for selection any athletes who have achieved the specified level of results at two or more of the listed BMX Racing events. Events and their associated performance standards are listed in order of priority so that, if it is necessary to compare the performances of athletes who have each met the Performance Standard in different events in the Elite Men and Women category, a Top 8 finish at the 2027 UCI World Cup Round 1 will, for example, be given greater weight than a win at the 2027 AusCycling BMX Racing National Championship (Elite).

All selection decisions are however subject to *the Policy* and the fact that an athlete has met the Performance Standard at one of the listed higher priority events does not necessarily mean they will be selected over and above an athlete who has met the Performance Standard at a lower priority event if, taking into account the factors outlined at clause 3.3 of *the Policy*, the Panel considers that selecting the other athlete best meets the Objectives in clause 1 of *the Policy*.

Having met the above performance standards does not equate to automatic selection.

If (for example, due to illness or injury) an athlete has not achieved the abovementioned performance standards but has achieved podium results at other major national and international level BMX Racing competitions within the Performance Time Period such as UCI sanctioned international events, and AusCycling approved events, the Panel may at its discretion consider those results. For the avoidance of doubt the Panel is under no obligation to consider results at events other than those listed above, and a failure to do so will not provide a basis upon which to appeal the Panel's decision. Where the number of

athletes meeting the performance standards is fewer than the number of available quota spots, the Panel may, in its absolute discretion, consider additional athletes who it believes have the potential to contribute to one or more of the objectives outlined in clause 1 of *the Policy*.

*Any U23 athlete wishing to compete in the Elite category from 1 January 2027, will not be eligible for U23 selection.

6. Where more athletes meet the criteria than there are places available, the Panel may use absolute discretion to rank athletes having regard to the objectives in clause 1 of *the Policy* and the factors in clause 3.3 of *the Policy*.
