proudest moment of the my career so far

My proudest moment of my career so far was winning the elite team sprint national title with my WA teammates

what successful commonwealth games would look like for me

Making the most of the experience, learning as much as possible and making sure I can achieve my best performances. Another measure of success at the Comm Games for me would be taking home the R.M. Williams boots so I can take them line dancing

I also enjoy getting creative with the sewing machine

I played soccer for 10 years
