## 3.0 Applicable Policies and Procedures

---

### 3.1 Anti-Doping Testing

#### 3.1.1 Therapeutic Use Exemption

All competitors may be subject to anti-doping testing under AusCycling and Sport Integrity Australia regulations.

Therapeutic Use Exemption (TUE) A TUE is an exemption that allows an athlete to use, for therapeutic purposes only, an otherwise prohibited substance or method (of administering a substance). TUE approval may protect athletes from receiving a sanction if a prohibited substance is found in their sample.

To find out if you need to complete a TUE in-advance, you can use the [SIA TUE in-advance requirements checker](#)

TUE in-advance are typically required for athletes who are;

- A member of the Registered Testing Pool, National Testing Pool or Domestic Testing Pool
- A member of a national open team/squad including athletes with a disability planning to compete at the Elite National Championships.

If you are currently taking any medication, please check whether this substance is banned in or out of competition via [www.globaldro.com/AU/search](http://www.globaldro.com/AU/search) Further information on the TUE process can be found on the Sport Integrity Australia (SIA) website <https://www.sportintegrity.gov.au/resources/therapeutic-use-exemption> or by calling 1300 027 23.

#### 3.1.2 Sport Integrity Australia App

Any athlete and official can download the SIA app.

The SIA App has been designed with athletes in mind. The App gives a complete list of all supplements sold in Australia that have been screened for prohibited substances by an independent laboratory. The testing and certification of sports supplements cannot provide athletes a 100% safety guarantee but does significantly lower the risk of a positive test. For non-tested supplements the App gives athletes access to a quiz to assess the risk posed by highlighting key risk factors. The App can also be used to report doping, check if a medication is banned in sport, give SIA feedback on testing missions, and complete online education modules.

## 3.2 Cameras

Cameras are permitted to be used in accordance with Section 1.03.06 of the AusCycling Technical Regulations - General and riders should familiarise themselves with their obligations should they wish to use one.

## 3.3 AusCycling Policies

The following AusCycling Policies apply to this event.

- [Concussion Policy](#)
- [Refund Policy](#)
- [Event Terms and Conditions](#)
- [AusCycling Technical Regulations - General](#)
- [AusCycling Technical Regulations – Mountain Bike](#)
- [National Integrity Framework](#)

# ANTI DOPING IS YOUR RESPONSIBILITY

Medications may have banned substances in them. Check all medications on the Sport Integrity app.

---

All athletes are responsible for what substances they put into their own bodies - they can't blame anyone else, however if a coach has supplied the substance, penalties also apply to the coach.

---

Supplements are a huge risks. Research shows 1 in 5 contain a banned substance not listed on the label. Find low risk supplements on the Sport Integrity app. If it's not listed, don't risk it.

---

As a member of your sport, you are bound by an Anti-Doping Policy and potentially subject to investigation.

---

There are rules that you and your athletes must follow under your sport's Anti-Doping Policy. Details are in the Sport Integrity app menu under 'Know the rules'.

---

Anti-doping education should not be a 'tick the box' exercise - it should be an ongoing conversation with your athletes.

---

If you are involved in a team sport, and an athlete tests positive to a banned substance, the team could lose competition points and championship placings.

---

Breaking the rules could result in a ban of up to four years from ALL sport - no training, no playing, no coaching.

---

Learn more about the sample collection process via our Virtual Reality anti-doping test experience. Found in the menu of the Sport Integrity app under 'Tools'.

# COMPETITION COMING UP?

## MAKE SURE YOU ARE READY!

1

Download the Sport Integrity App and use it to make your way through the following steps.

2

### TAKING A MEDICATION?

Use the 'Check a Medication' tab to access Global DRO to make sure your medication isn't banned in sport.

3

### TAKING A BANNED SUBSTANCE FOR MEDICAL PURPOSES?

Use the Therapeutic Use Exemption Checker to see if you need a TUE, and complete the paperwork if required.

4

### USING SUPPLEMENTS?

Use the 'Check a Supplement' tab to check the risk of your product. Supplements are the leading cause of inadvertent positive tests in Australia.

5

### NEVER BEEN TESTED?

Prepare yourself by going through a virtual reality test on the App. (Search for it under the menu icon)

6

### KNOW THE RULES?

A positive test is only one way to be banned from sport. Read up on the 11 Anti-Doping Rule Violations.

7

### COMPLETED YOUR EDUCATION?

Access the Sport Integrity Australia online courses by clicking on the Get Educated tab.
