## Marshaling & Start

Riders are required to be present for a race briefing prior to racing. This briefing will occur during staging for the start of the race. In accordance with the technical regulations, rider staging must commence no later than 10 minutes before the scheduled start of the race.

Note that riders may forfeit their seeding/ grid order position if they fail to report for the call up at the allocated time.

## Race Numbers

All riders will be issued a race plate and timing chip. Elite riders may also be issued with a bib number. Note that the timing chip may be attached to the race plate. Race Plates must be clearly visible and unaltered in any way. This race plate must be fixed to the riders bike prior to commencing any practice or racing.

Race numbers must be visible to any official or rider whilst on track in either race or course practice. This means that the race plate cannot be obscured in any way. The race plate must be:

- Displayed flat, not curved.
- Free from visible obstructions such as cables or any other hardware.
- Displayed as provided, not cut, folded or altered in any way.
- Perpendicular to the ground with a slight upwards slant.

*Example*

## Safety Equipment

As per the 2026 AusCycling Mountain Bike Technical Regulations (Annexure A), riders must have a helmet meeting AS2063 or equivalent international standard. Equivalent international standards include;

- ANSI Z90.4, SNELL B or N Series
- ASTM F-1447
- CAN/CSA-D113.2-M
- US CPSC standard for bicycle helmets
- European CEN standard EN1078

## Technical Assistance Zone (TAZ) & Neutral Race Support

Designated Technical Assistance Zones (TAZ) will be clearly marked and located after the Finish Line. Only in the Technical Assistance Zone (TAZ) are racers allowed to change any part of their clothing or equipment with the assistance from non-racers.

Feeding and Technical support may only be provided within these Zones. Racers are allowed to collect and drop equipment or food in the TAZ. No food is allowed to be prepared or given to a racer by a member of the racer's support crew unless the rider is in an officially marked TAZ.

Racers are only allowed to give any waste equipment to another person (this includes event or team staff and fans) in the TAZ. Racers can gain verbal assistance from anyone during a race but no one other than another racer can physically help a racer, touch their equipment or provide any supplies outside of the TAZ.

Neutral Support. In the event of extreme weather (heat) a neutral water point may be located close to the highest point of the XCO courses on Saturday and Sunday. If this occurs it will be briefed at the race start and there will be a marshal onsite at the neutral location. Riders may get bottles of water but in cannot be handed to them by spectators or their team personnel.

# Technical Information - General

## Severe Weather Guidelines

When looking at weather conditions, the safety of the athletes, spectators, staff, and volunteers is the utmost priority. While often providing an additional challenge, adverse weather in its extremes may result in hypothermia, heat exhaustion or other dangerous conditions. In all cases the event will follow the AusCycling Extreme Weather Guidelines.

## Therapeutic Use Exemption

All competitors may be subject to anti-doping testing under AusCycling and Sport Integrity Australia regulations. If you are currently taking any medication (including supplements), please check whether this substance is banned in or out of competition via [www.globaldro.com/AU/search](http://www.globaldro.com/AU/search)

A TUE is an exemption that allows an athlete to use, for therapeutic purposes only, an otherwise prohibited substance or method (of administering a substance). TUE approval may protect athletes from receiving a sanction if a prohibited substance is found in their sample.

Who needs to complete a TUE in-advance for Cycling? Athletes who are taking, considering taking, or being prescribed any banned or prohibited substances.

Further information on the TUE process can be found on the Sport Integrity Australia (SIA) website <https://www.sportintegrity.gov.au/resources/therapeutic-use-exemption> or by calling 1300 027 23

## Sport Integrity Australia App

Any athlete and official can download the SIA app.

The SIA App has been designed with athletes in mind. The App gives a complete list of all supplements sold in Australia that have been screened for prohibited substances by an independent laboratory. The testing and certification of sports supplements cannot provide athletes a 100% safety guarantee but does significantly lower the risk of a positive test. For non-tested supplements the App gives athletes access to a quiz to assess the risk posed by highlighting key risk factors. The App can also be used to report doping, check if a medication is banned in sport, give SIA feedback on testing missions, and complete online education module.

## SPORT INTEGRITY APP

- Check medications on Global DRO
- Find low risk supplements
- Check if you need a Therapeutic Use Exemption (TUE)
- Report an issue
- Give feedback or ask a question

The app also has information on all sport integrity issues, anti-doping rules, testing programs, the health effects of doping, supplement and nutrition advice, overseas travel considerations and more. Just click on the menu icon.

Download the app from the Apple Store and Google Play store here.

## ONLINE EDUCATION

# ANTI DOPING IS YOUR RESPONSIBILITY

Medications may have banned substances in them. Check all medications on the Sport Integrity app.

---

All athletes are responsible for what substances they put into their own bodies - they can't blame anyone else, however if a coach has supplied the substance, penalties also apply to the coach.

---

Supplements are a huge risks. Research shows 1 in 5 contain a banned substance not listed on the label. Find low risk supplements on the Sport Integrity app. If it's not listed, don't risk it.

---

As a member of your sport, you are bound by an Anti-Doping Policy and potentially subject to investigation.

---

There are rules that you and your athletes must follow under your sport's Anti-Doping Policy. Details are in the Sport Integrity app menu under 'Know the rules'.

---

Anti-doping education should not be a 'tick the box' exercise - it should be an ongoing conversation with your athletes.

---

If you are involved in a team sport, and an athlete tests positive to a banned substance, the team could lose competition points and championship placings.

---

Breaking the rules could result in a ban of up to four years from ALL sport - no training, no playing, no coaching.

---

Learn more about the sample collection process via our Virtual Reality anti-doping test experience. Found in the menu of the Sport Integrity app under 'Tools'.

## MAKE SURE YOU ARE READY!

1

Download the Sport Integrity App and use it to make your way through the following steps.

2

### TAKING A MEDICATION?

Use the 'Check a Medication' tab to access Global DRO to make sure your medication isn't banned in sport.

3

### TAKING A BANNED SUBSTANCE FOR MEDICAL PURPOSES?

Use the Therapeutic Use Exemption Checker to see if you need a TUE, and complete the paperwork if required.

4

### USING SUPPLEMENTS?

Use the 'Check a Supplement' tab to check the risk of your product. Supplements are the leading cause of inadvertent positive tests in Australia.

5

### NEVER BEEN TESTED?

Prepare yourself by going through a virtual reality test on the App. (Search for it under the menu icon)

6

### KNOW THE RULES?

A positive test is only one way to be banned from sport. Read up on the 11 Anti-Doping Rule Violations.

7

### COMPLETED YOUR EDUCATION?

Access the Sport Integrity Australia online courses by clicking on the Get Educated tab.
