

Commissaire Appointments ComMgr Web Based Application

Commissaire Appointment Process

ComMgr is a licensed web based application tool, first released in 2012, and used by Cycling Canada and USA Cycling which allows the appointment of officials to events.

Overview

- Two user types (with logins):
 - Sports Federation Admin: person(s) who assign officials to events)
 - Officials to be assigned
- Workflow (repeated by cycling discipline at different times throughout the year):
 - **1. Federation:** Create events in ComMgr (single or multi-day)
 - **2. Officials:** Indicate availability and role preferences
 - **3. Federation:** Assign officials
 - Lowest cost travel
 - Best qualified/Most experienced/Fairness/Development opportunity
 - Respects UCI/National and Regional assignment requirements
 - **4. Federation:** Reveal complete assignments to officials
 - **5. Officials:** Confirm assignments, download calendars
 - **6. Federation:** Reveal assignments on public web page
 - Public page is *live* and always consistent with the database
 - Event and assignment visibility can be shown/hidden by cycling discipline (eg. Road, Track, MTB, CX, etc.).
 - **Federation & Officials: Manage ongoing assignment changes**
 - Changes during the season are updated instantly on the public page and on individual schedules
- 100% browser-based, no install
 - Works with any browser (Chrome, Edge, Firefox, Opera, etc.) on any device (laptop, desktop, tablet, smartphone).

Each commissaire will receive a unique log in and password to ComMgr by email.
