Member Family Linking

This guide outlines how participants can link family members to the parents' account. If you are a parent registering your child, please ensure all details are those of the child. Note you will need to set up a profile for each child on the system (can use the same email address).

1. Login into the member account.
2. Click '**family**' icon below member's name. See below:

4. Send invites to other family members by email (email must match what is listed against member in the club account).
5. Email will be sent as shown below:

6. Profiles are linked in revSPORT
